DTSC 200-Basic

CORDLESS DELTA SANDER | Technical Data Sheet | Article no. 577713

PRODUCT OVERVIEW

18 V cordless delta sander for sanding surfaces, corners, edges and recesses. A large triangular sanding pad, integrated LED light ring and adjustable speed support precise surface finishing. The included collection bag enables mobile sanding without a separate extractor.

TECHNICAL SPECIFICATIONS

Rated battery voltage	18 V
No-load speed	6,000–10,000 min■[1]
Sanding stroke	2.5 mm
Replaceable sanding pad	145 × 195 mm
Dust extraction connection	Ø 27 mm
Weight without accessories	1.50 kg
Transport weight incl. accessories	4.00 kg
Drive type	Rechargeable battery

DESIGN & OPERATION

Integrated LED light ring with selectable lighting modes and additional customisation through the Festool app. EC-TEC motor with variable speed control; vibration protection; sanding-pad protector for edge work. The Granat Delta 200 abrasive system supports repeated use of its detachable tip. Compatible with Festool 18 V batteries and chargers.

DTSC 200-Basic

CORDLESS DELTA SANDER | Applications, sound and vibration, supplied items

NOISE & VIBRATION

Sound pressure level, LpA	82 dB(A)
Sound power level, LWA	90 dB(A)
Noise uncertainty, K	2.5 dB
Total vibration value, ah	3.0 m/s²
Vibration uncertainty, K	1.5 m/s²
Measurement standard	EN 62841-2-4

MAIN APPLICATIONS

Sanding tables and furniture, doors and door frames, window timbers, staircases, wooden facades, eaves, fences, balcony boards and smaller areas of dry construction. Suitable for flat areas as well as corners, edges and recesses.

SCOPE OF DELIVERY – BASIC CONFIGURATION

Sanding pad	SSH Delta200
Dust collection bag	SB-Longlife ETSC 2
Sanding-pad protector	PR DTSC 200
Storage and transport	Systainer³ SYS3 M 187
Battery pack and charger	Not included; sold separately

SOURCE & CONFIGURATION NOTES

Prepared from Festool's official DTSC 200-Basic product listing (article 577713) and product announcement. Technical specifications refer to the model, not to an included battery. Refer to the manufacturer's operating instructions for safety requirements and use appropriate respiratory protection and dust extraction for the material being sanded.
